

## Merry Christmas and Happy New Year 2010 From the Wolberts!

Hope all is well in your household. We are grateful for surviving the calamity of a large, nearby wildland fire and are looking forward to a great year in 2010. Now let's hear from the girls.

**Sarah:** This year went by so quickly that it is hard for me to choose what to tell. I turned 18, participated in my first (and last) high school musical with Lisa, graduated from high school, and now attend more memories, these are the things I commemorate 2009 with!

**Lisa:** This past year seems to have lasted longer than most years have. What seems like years ago, I joined the high school softball team. I had never played before and I'm really glad I tried it, and hope to play again this season. During the summer I took a biology course at the community college and explored Santa Cruz county with the eyes of a marine biologist before spending two weeks in Japan with my mom's side of the family. Also, last month I was in the school production of **Alice's Adventures in Wonderland** as the dormouse and a card soldier. While rehearsing, I made lots of new friends and had a whacky fun time. I'm now looking forward to the next play, and hope this next year will be as fun!

**Emily:** This year I had a lot of fun going to Japan to see my family and having lots of exciting times. I was very relieved when my braces were removed. Now I wear retainers, which are better. I hope to successfully graduate the sixth grade and move into middle school at Mission Hill. I hope you all have a Merry Christmas and a Happy New Year!

**Wishing you all the best in 2010!**

**The Wolberts**
